SPOONS AND TOOTHPICKS

Two workmen watched a steamshovel handling great chunks of earth at each bite. "If it wasn't for that scoop, 500 of us might be working," said one. "If it wasn't for our shovels, a million of us might be working with spoons," the other retorted.

HERE'S ANNUAL BUDGET FOR FAMILY OF FOUR

The annual budget requirement for a family of four living in this area is \$4500, according to the John Randolph Haynes and Dora Haynes Foundation, 2324 South Figueroa street, in a statement issued recently.

The foundation has just completed a survey based on consideration of the special factors determining the cost of living in Southern California. The survey also dealt only with those elements which it regards as essential to the welfare of the family.

The controlling principal was: what does the family need for its purposes, and what does it need in order to be an asset rather than a liability to society?

The survey took cognizance of the fact that people living in this area do not need as heavy clothing as people living in other parts of the country. On the other hand, it recognized that because of the decentralization of population in the area, there is a greater necessity for individual automobile transportation.

On the basis of prices obtained from 600 stores, the foundation concluded that the food bill for a family of four would average \$1,355 during the course of a year. Clothing would cost \$411; housing \$515; medical, dental, and eye care would cost \$300.

Lacking this amount of money, the family either would incur debt or live on a level below requirements for normal living, the report stated. In either case, the result would be inimical to the best interests of society.

Walteria Businessmen Install New Leaders

James Whitmer is the newly installed president of the Walteria Business Men's club.

Whitmer accepted the post at a recent meeting of the club held in the Fish Shanty. Serving with him for the new term will be Fred Stevens, vice-president; and Loren Bigelow, secretary-treasurer.

Whitmer briefly outlined future club activities, and appointed committee chairmen. Each chairman will name his own committee members.

The installation was conducted by retiring President J. A. Beasley. He reviewed the organization's growth during the past year.

Guests included Dr. Rollin Smith and Earl Weber of Torrance, C. F. Kendall of Wilmington, and "Red" Bluffs of Walteria.

Kendall, Wilmington Lions club president, invited the Walterians to visit the port service club.
